## 11–14 Curriculum

### ▶▶ Checkpoint Science

Author: **Peter D Riley**

Resources designed and produced for the University of Cambridge International Examinations Checkpoint tests for Biology, Chemistry and Physics and other equivalent Junior Secondary Science courses.

Pupil's Books:

- Match the Cambridge Checkpoint Science Schemes of Work
- Contain clear text and colourful illustrations and photographs to explain the concepts
- Encourage background reading, to promote breadth of knowledge
- Lead neatly into the Cambridge IGCSEs

Teacher's Resource Books contain:

- Answers to questions in the Pupil's Books
- Past Cambridge Checkpoint examination questions with marking guidance, to save you time
- Photocopiable worksheets to support some activities
- ICT activities for each topic
- Practical activities and investigations (with notes for teachers and technicians), to enhance pupils' learning experience
- End-of-chapter tests with answers, to help you assess progress

## 11–14 Curriculum

### Checkpoint Maths

Authors: **Ric Pimentel** and **Terry Wall**

These resources are endorsed by University of Cambridge International Examinations for use with the Cambridge Checkpoint Curriculum Framework for Mathematics and are included in the Framework Resources List. They can also be used in association with other equivalent Junior Secondary Maths courses.

To encourage breadth of knowledge and facilitate examination success, Checkpoint Maths:

- Matches the Cambridge Checkpoint Curriculum Framework for Maths
- Contains a wealth of practice exercises, including questions from the 11–14 Checkpoint tests and end-of-section reviews
- Provides ICT activities and investigations in every section
- Covers number, algebra, shape, space and measures, data handling and applied maths

The course leads neatly into the Cambridge IGCSE.

### Checkpoint English

Authors: **Sue Hackman** and **Alan Howe**

Revised by: **Sue Bonnett**

These resources provide full coverage of the key curriculum requirements of the University of Cambridge International Examinations Checkpoint tests and other equivalent Junior Secondary English courses.

To encourage breadth of knowledge and facilitate examination success, Checkpoint English:

- Meets the requirements of the Cambridge Checkpoint English tests
- Covers reading, writing, usage, and speaking and listening
- Uses engaging texts appropriate to an international readership
- Establishes, revisits and consolidates skills through activities designed to introduce pupils to the focus for the sequence of work, and to capture their interest
- Builds progression into each unit of study and across the course as a whole

The Checkpoint English Audio CD consists of extracts of poetry, prose and drama from all three books.

NEW EDITIONS

Endorsed by University of Cambridge International Examinations

## Cambridge IGCSE Mathematics

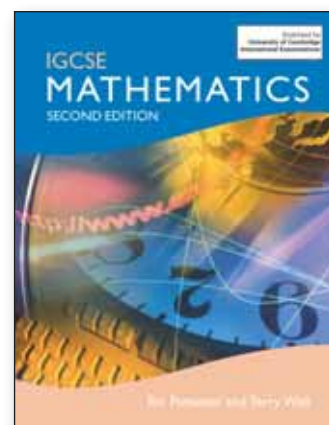

### ▶▶ IGCSE Mathematics Second Edition

Authors: **Ric Pimentel** and **Terry Wall**

This second edition of the best-selling *IGCSE Mathematics* has been fully updated to reflect the latest Cambridge IGCSE Mathematics Syllabus (0580). It covers number, algebra, shape and space, and statistics and probability in one volume.

- New ICT activities in each chapter incorporate the latest developments in teaching and make lessons more engaging and stimulating
- Worked examples and exercises, with practice questions and full solutions, help students to succeed in examinations
- Two short-answer Assessments enable teachers to monitor progress

■ 978 0 340 90813 6 488pp £18.99

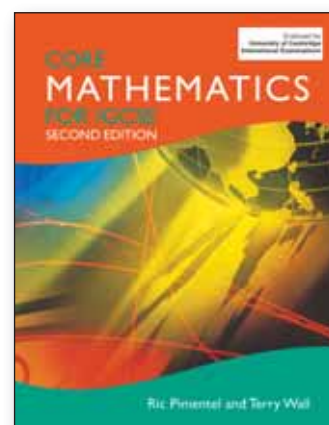

### ▶▶ Core Mathematics for IGCSE Second Edition

Authors: **Ric Pimentel** and **Terry Wall**

This companion volume to *IGCSE Mathematics* is written by the same highly-experienced author team specifically for candidates preparing for the Cambridge IGCSE Mathematics Core Curriculum examination.

It has been fully updated and includes all the new features of the IGCSE Maths titles including interactive ICT and practice / assessment activities.

■ 978 0 340 90812 9 432pp £18.99

### ▶▶ IGCSE Revision Guide for Mathematics

Authors: **John Jeskins**, **Jean Matthews**, **Howard Baxter**, **Mike Handbury**, **Mark Patmore** and **Eddie Wilde**

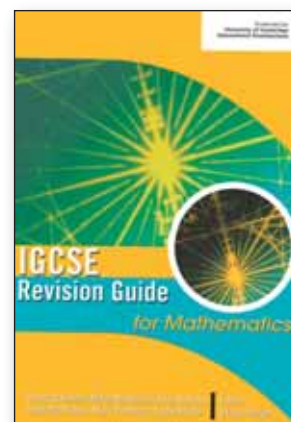

Editor: **Brian Seager**

This revision guide is written by experienced examiners especially for students preparing for the Cambridge IGCSE Mathematics Extended Curriculum examination.

Comprehensive and designed to give students the confidence to succeed, the guide:

- Covers every syllabus topic, with a handy checklist to aid revision planning
- Provides brief explanations of each topic followed by worked examples and questions to cement understanding

■ 978 0 340 81578 6 120pp £7.99

Full model answers to the examination questions are available free at [www.hoddermaths.co.uk](http://www.hoddermaths.co.uk)

### ▶▶ Cambridge IGCSE International Mathematics

Authors: **Terry Wall** and **Ric Pimentel**

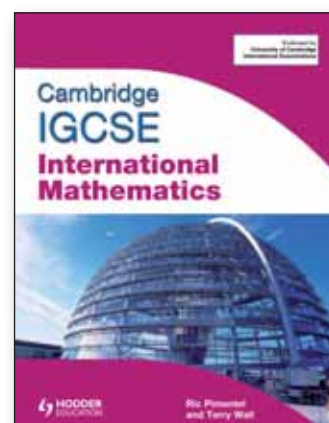

A brand new text to support this new qualification. There are lots of worked examples and practice exercises included.

- Use of a graphics display calculator is integrated throughout to reflect the focus of the new specification
- The online resources include PowerPoint presentations, Personal Tutor audio-visual examples and additional exercises

■ 978 1 444 11292 4 November 2010 £25.99

## Cambridge IGCSE English

Cambridge IGCSE English

### IGCSE English Second Edition

Authors: **Ian Barr** and **John Reynolds**

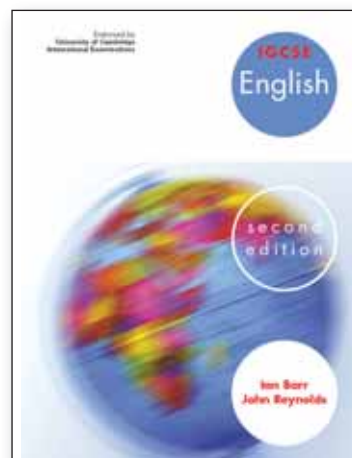

This edition has been produced to cover the University of Cambridge International Examinations First Language English syllabus (0500). It includes revised questions as well as a new section, 'How writers achieve their effects'.

To promote success in examinations and enjoyment of English, this book:

- Contains two chapters on the skills necessary to become both a better reader and writer
- Provides five further detailed chapters on how these general skills are applied to particular tasks during examination preparation and in the papers themselves
- Pays particular attention to writing summaries
- Teaches skills for successful writing of essays and coursework assignments
- Provides simple examination guidelines, advice from experienced examiners and extensive use of examples taken from candidates' work

978 0 340 88917 6 192pp £18.99

NEW EDITION

Teacher's Notes are available free in PDF form at [www.hoddersamplepages.co.uk](http://www.hoddersamplepages.co.uk)

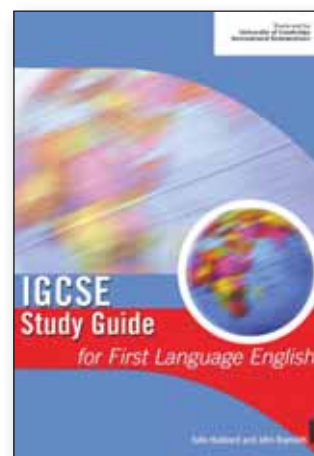

### IGCSE Study Guide for First Language English

Authors: **John Reynolds** and **Julia Hubbard**

Written especially for students preparing for the Cambridge IGCSE First Language English examinations, this study guide provides a wealth of information, including:

- Key facts for each topic
- Explanations of common misconceptions and errors
- Sample questions and students' answers with examiners' comments on how to improve grades
- Further questions for practice

978 0 7195 7900 4 104pp £8.99

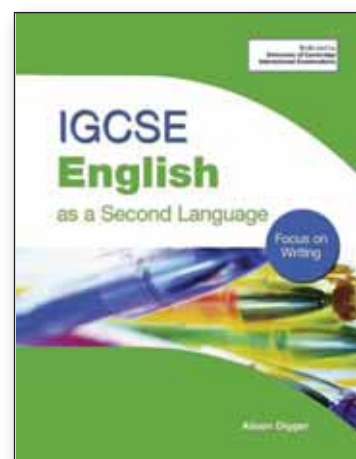

### IGCSE English as a Second Language Focus on Writing

Author: **Alison Digger**

Clear explanations and extensive use of examples make this extremely useful for students preparing for other advanced exams, such as First Certificate in English (FCE), Certificate in Advanced English (CAE) and Cambridge IGCSE First Language English.

- Key skills are taught through examples relevant to the examination
- Includes authentic material written by students, with critical comments from a teacher/examiner, to promote success
- Attention is paid to the importance of style and content, together with accuracy and the correct use of different registers
- Contains an extensive database of topic-related vocabulary and ideas, to encourage breadth of knowledge

978 0 340 92806 6 264pp £18.99

Endorsed by University of Cambridge International Examinations

## Cambridge IGCSE Business Studies

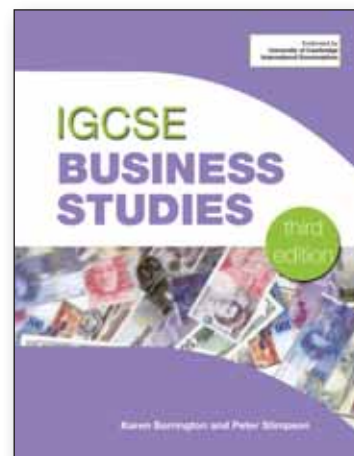

### ▶▶ IGCSE Business Studies Third Edition

Authors: **Karen Borrington** and **Peter Stimpson**

Written by experienced Business Studies teachers and examiners, *IGCSE Business Studies* features a special introduction for IGCSE students with sections on study skills, exam technique, case study work and IGCSE exam questions.

- Case studies from relevant international business situations bring concepts and theories to life
- An interactive approach, with frequent thinking points, activities and discussion themes, reinforces learning
- Simple explanations of key terms aid understanding
- Practical guidance for organising individual study helps students to become independent learners
- Revision questions and advice from examiners support the acquisition of study skills and examination techniques
- Diagrammatic revision summaries help students to plan their learning and exam preparation

■ 978 0 340 92649 9 456pp £18.99

### ▶▶ IGCSE Business Studies CD-ROM

Authors: **Karen Borrington** and **Peter Stimpson**

A comprehensive ICT companion resource to the IGCSE Business Studies coursebook, providing a wide range of interactive and downloadable facilities to support learning and revision.

■ 978 0 7195 7269 2 £89.99 + VAT

CD-ROM

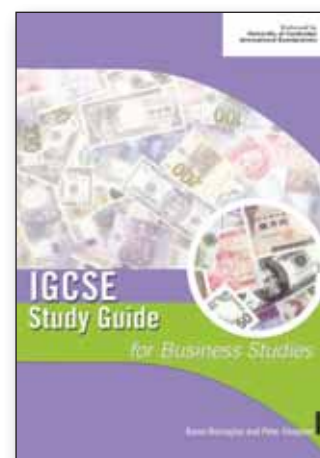

### ▶▶ IGCSE Study Guide for Business Studies

Authors: **Karen Borrington** and **Peter Stimpson**

Written especially for students preparing for the Cambridge IGCSE Business Studies (0450) examinations, this study guide provides a wealth of information, including:

- Key facts for each topic
- Explanations of common misconceptions and errors
- Sample questions and students' answers with examiners' comments on how to improve grades
- Further questions for practice

■ 978 0 7195 7901 1 120pp £8.99

## Cambridge IGCSE ICT

Cambridge IGCSE ICT & Geography

### ▶▶ IGCSE Information and Communication Technology

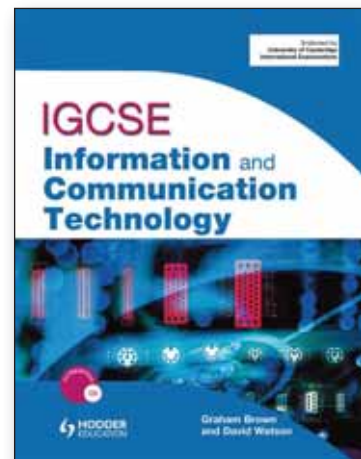

Authors: **Graham Brown** and **David Watson**

This brand new text book (with CD-ROM) has been specially written to support the University of Cambridge International Examinations latest IGCSE in Information and Communication Technology (0417). The authors are experienced examiners and teachers, and bring a wealth of theoretical knowledge and practical experience to both the book and the CD-ROM. Each section of the syllabus is fully covered in the text book, with clear explanations and plenty of tasks and activities. The CD-ROM contains source files for the tasks and activities, as well as model answers for the examination-style questions and a glossary.

Keep up-to-date with information on this title by visiting [www.hoddereducation.com](http://www.hoddereducation.com)

■ 978 0 340 98382 9 320pp £19.99

WITH CD-ROM

## Cambridge IGCSE Geography

### ▶▶ IGCSE Geography

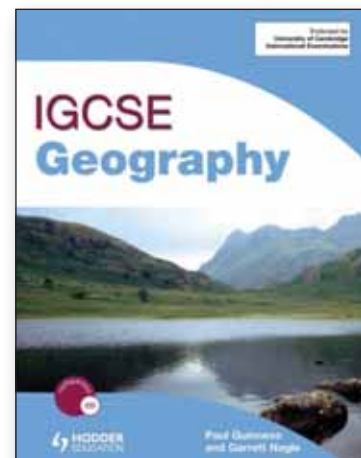

Authors: **Garrett Nagle** and **Paul Guinness**

A key resource for the Cambridge IGCSE Geography specification, written by leading and experienced Geography teachers and authors. This book covers the full curriculum for the University of Cambridge International Examinations IGCSE course in Geography (0460). It is accompanied by a CD-ROM offering invaluable study and revision support.

- Plenty of exam practice is included to help students prepare for examinations
- All content is clearly explained and there are lots of different tasks and activities to engage students
- Plenty of case studies and examples from around the world are included to illustrate geographical terms
- The CD-ROM contains sample examination papers and diagrams for student use

■ 978 0 340 97501 5 £18.99

WITH CD-ROM

Endorsed by University of Cambridge International Examinations

## Cambridge International A Level Science

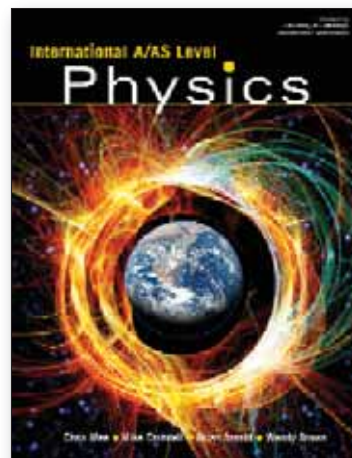

### International A/AS Level Physics

Authors: **Chris Mee, Mike Crundell, Wendy Brown and Brian Arnold**

*International A/AS Level Physics* has been developed to meet the requirements of Cambridge International A and AS Level Physics (9702) and is fully endorsed. With a strong emphasis on practical skills, this text covers the main theoretical concepts and applications of physics. Creative thinking and problem-solving skills are also encouraged and developed throughout the course.

- Learning outcomes are clearly defined at the beginning of each section to help focus learning, whilst summaries at the end of the sections provide a review of the main ideas
- A vast number of worked examples and consolidation questions throughout provide the opportunity for regular self-assessment
- Exam-style questions help test knowledge and understanding and improve exam performance

■ 978 0 340 94564 3 472pp £23.99

### International A/AS Level Biology, Chemistry and Physics Student Unit Guides

Authors: **Mary Jones, David Bevan and Richard Woodside**

*International A/AS Level Science Student Unit Guides* for Cambridge International A/AS Level provide exam-focused texts to guide students through the content and skills of the course to prepare them for their AS and A Level exams.

- Written by expert authors who are also examiners
- A specimen examination paper is included with sample answers and comments as well as tips from the examiner to help your students prepare for their exams
